GOOD EVENING

3 ARE GIVEN PRISON TERMS;

Two defendants were sent to the Eastern Penitentiary and one to the Allegheny County Workhouse by the Adams County Court this morning. Clifford S. McFerren, Biglerville R. 1, charged with forgery, was directed to pay \$5 for the use of the county and the costs and was given a two- to four-year term at Eastern

Penitentiary dating from June 9. Walter R. Kelly, York, was given from two to four years in the Allegheny County Workhouse starting July 3 and ordered to pay the costs. He faced morals charges.

Work Nearly Finished

Alfred Hamme, York, architect for the county commissioners, described the work in progress at the annex building in which the entire interior of the west structure had been torn out, a new roof and new windows placed, fire escapes placed and an entire new interior installed containing 21 rooms for guests at the home, doctor's room, nurse's room, recreation and utility rooms. He said the work will be completed in about a month

Judge W. C. Sheely asked Hamme, "Are you asking the court now to authorize expenditures already made?" Hamme replied: "Unfortunately, yes." The judge responded, "This places the court in the embarrassing position of being asked to approve something that has already been completed. The court would like to look over the work before it passes on the merits of the petition. As a result we suspend action until the court can visit the

county home. To Draw Jurors

Attorney Eugene R. Hartman was granted six months additional time before reporting as auditor in the levari facias brought by the Franklin Twp. School District against the estate of Samuel Leonard. Hartman reported that there is a surplus for distribution and asked the six months to try to find surviving heirs, if any There are no known heirs,

Precepts were signed by the court directing the sheriff and jury commissioners to draw a jury for the August term of court. That work was being carried out this afternoon.

DON'T DIE ON THIRD

We who are interested in the glorious game of baseball always get a thrill when we see a player on third base. Especially when there are two out in the ninth inning and with a batter at the plate with two strikes on him. The most alert chap is that one on third-and he is the one most watched, for a single or an error could easily give a run that would mean the game.

I recently witnessed a case as described. The man on third thought it was an easy out for the batter and so lingered-and The bride and groom were ten- an error and the batter got to first. Later that possible run by the man on third could have been the game, for in the next play

PLAN FURTHER **INOCULATIONS AGAINST POLIO**

By The Associated Press

Further attacks on infantile paralysis with gamma globulin as a national weapon were planned today after history's largest mass anti-polio inoculation went off like clockwork in two New York state counties during the weekend.

In polio-stricken Steuben and Chemung Counties, N. Y., 34,901 youngsters received gamma globulin injections Sunday and Saturday at emergency clincis. About 2,000 volunteers from the Red Cross, The National Foundation for Infantile Paralysis and civil organizations aided medical personnel in administering the gamma globulin. There have been 59 victims, including five fatalities, in the current outbreak in the two-county area.

4 Deaths In N. C.

Gamma globulin, the scarce blood derivative credited with being a temporary preventive of crippling polio, will be used later this week in North Carolina where there have been 151 cases reported in two counties and four deaths. Fourteen thousand children are to receive experimental inoculations at Hickory, N. C. If supplies of gamma globulin can be obtained in time, the injections will be moved up from Thursday to Wednesday because of the urgency.

Mass tests were planned in Montgomery County, Ala., in an effort to find out more about the effects of the injections. JACKSON, Mich. (A)-A small road north of Jackson is an unpopular spot these hot days.

During the weekend, someone dumped about 700 dozen rotten eggs in piles along the road.

Deputy Sheriff Blair Corley, who followed his nose to the source of the trouble, said some of the eggs were in cases dated November 1952. He theorized that the eggs were hijacked and spoiled before the thieves could find a market for them.

May Mean New Bureau

"Two years ago they figured it would take 3,000 workers to collect a state income tax and that's a payroll deduction. This will take maybe even 3,500 or more," the Westmoreland County senator said.

Estimates on the size office force necessary to collect the tax have varied from several hundred to Dent's over 3,500. Rep. Albert W. Johnson, House Republican leader, said last week it would take "several hundred" new employes to do the job.

Others have placed the figure at 1,200. The job will be done by the State Revenue Department, possibly through a new bureau. The department has not commented on the question of what size force will be needed.
